Dear «Attention»

The Cottage Grove Hockey Association and the fundraising committee want to make the sport of youth hockey more affordable in our community. Fundraising events that the children and community participate in help defray some of the costs associated with playing hockey.

In an effort to give the community an opportunity to participate in these fundraising efforts, we are asking that you become a sponsor of the Cottage Grove Hockey Association. We have put together sponsorship packages and hope that your business will support us. Your sponsorship in this association in support of the CGHA Program will not go unnoticed. The boys and girls of this program, as well as their parents, truly appreciate anything you can contribute. Approximately 550 boys and girls in our community enjoy the sport of hockey and would benefit greatly with a sponsorship from your business.

Please look at the enclosed packages being offered, your business will benefit greatly with any package you choose. If we all work together, the Cottage Grove Hockey Association will be a success and the number of boys and girls playing hockey will increase for love of the sport.

Sincerely,

Tracy Hanten
